

A diagram showing a large square with a diagonal line from the top-left corner to the bottom-right corner. Inside the large square, there is a smaller square positioned such that its bottom-left corner is at the same point as the large square's bottom-left corner. The side length of the smaller square is labeled as 10 cm. The top-left corner of the large square is labeled 2a, and the bottom-right corner is labeled 1a.
